ANTARES VISION GROUP: 2022-2025 STRATEGIC PLAN TO BE LAUNCHED IN EARLY 2023

Travagliato (Brescia), 21 December 2022 - Antares Vision Group, (EXM, AV:IM) an Italian multinational and a leading provider of Track and Trace and quality control systems that guarantees the transparency of products and supply chains through integrated data management, announces that the presentation of the 2022-2025 strategic plan will be released in early 2023.

With respect to our prior announcement, top management has decided to postpone the presentation of the plan from the second half of December 2022 to early 2023, so that the company's directors can focus on delivering the 2022 Guidance, with a view to having greater visibility of the current year, and not overlapping with year-end seasonal festivities, when traditionally a more limited number of investors is able to attend the presentation.

Further information will be made available in due course.
